

# Cashels Bale Cutter & Film Catcher

Year: 2020 | Location: Gaerwen

**SKU:** 11026158

**Price:** £2,950.00

**Categories:** [Used](#), [Livestock Equipment](#), [Attachments](#)

## Product Description

Patented curved frame and film catcher combination ensures the net/film is retained every time.

Double-edged HARDOX blade cuts through silage, hay and straw with ease.

Large hydraulic cylinders mounted on top of the cutting section give incredible cutting performance, even on frozen bales.

Cleverly designed hydraulics ensure functionality of the cutting section and film catcher in sequence using just two hoses.

Supplied with 5 x CAT 2 tines. The option to add 2 additional tines is available to enable the unit to transport two bales if required.

Fitted with Euro Brackets and Pipes Little Used, Very Tidy
